LOCKERS

LOCKERS

Our Lockers are of modular design allowing nesting of different sizes in one grouping to fit your needs. Finishes include stainless steel, hammertone enamel, or painted doors. Single or dual-nose key locks, or combination locks (mechanical or electronic) options.

FEATURES MAY INCLUDE:

- U.L. listed locks (mechanical or electronic).
- Key or combination locks available.
- Stainless steel, hammertone enamel, or painted doors.
- Heavy-duty flange interlocks with door jamb.
- All steel body construction.
- Steel or aluminum door construction.
- Numerous size configurations available.
- Shelves in larger-sized cash lockers.
- Modular for easy installation and layout.
