# VAULT DOORS

Our Vault Doors are available in U.L. listed Class I, II, or III ratings. Constructed of attractive stainless-steel finish on all exposed surfaces for easy maintenance. They are compatible with our U.L. listed modular vault panel systems and poured-on-site concrete vaults.

## FEATURES CAN VARY BY U.L. CLASS AND MAY INCLUDE:

- Maintenance-free stainless steel on all exposed surfaces.
- U.L. listed dual-combination locks.
- 144-hour three movement timelock (electronic optional).
- Tempered glass or rod-style daygate available.
- Daylock for employee safety.
- ADA compliant.
- Emergency vault ventilator.
- Full-length locking bar.
- Flush to floor threshold.
- Integrated alarm door contact and heat sensor.
