DRIVE-IN WINDOW DRAWERS

DRIVE-IN WINDOW DRAWERS

Our drop-front drive-up Commercial Deal Drawer is designed for ease of installation and long performance life. Its stainless-steel construction withstands the environment and provides years of corrosion-free service. Available in both manual and electric versions. Both meet all U.L. requirements. A heater and defroster package is available for inclement locales.

FEATURES:

- High capacity.
- Drop-front design for vehicles of various heights.
- U.L. Class I bullet resistance, safe usage and electrical safety rating.
- Manual and electric versions. (Electric drawer can be operated manually.)
- Stainless-steel construction.
- Heater and defroster available.
- Optional Forms Dispenser available allowing service to customers in queue.
